SUMMARY

AI/ML intern with hands-on experience building REST APIs, backend services, authentication systems, and AI-powered applications using FastAPI and PostgreSQL. Experienced in debugging, API integration, SQL, Git, and machine learning projects. Strong analytical and problem-solving skills with practical software development experience.

Education

Bachelor of Computer Applications (BCA) | CGPA: 8.7, JECRC University, Jaipur

Apr 2023 – Aug 2026

Professional Experience

AI/ML Intern, Dotsquares, Feb 2026 – July 2026

Jaipur, Rajasthan

- Developed 30+ REST APIs using Python, FastAPI and PostgreSQL.
- Implemented JWT authentication, logging, validation and error handling.
- Debugged backend issues and optimized SQL queries.
- Collaborated using Git with frontend and QA teams.

Projects

RAG Chatbot System

Python, FastAPI, PostgreSQL, pgvector, OpenAI API

- Implemented RAG pipeline using OpenAI APIs, embeddings, PostgreSQL, and pgvector.
- Developed 13+ REST APIs for authentication, document processing, and chat management, reducing response latency by 40%.
- Added JWT authentication for secure signup, login, and user-specific chat sessions.

AI-Powered Resume Intelligence Platform

Python, FastAPI, PostgreSQL, NLP, OpenRouterAPI

- Built an AI-powered resume analysis platform using NLP.
- Developed 8+ REST APIs for ATS scoring, resume parsing and keyword matching.
- Improved semantic search efficiency by 40%.

Task Management System with AI Assistant

- Built a full-stack task management platform with **role-based authentication** for Admin, Manager, and Employee users.
- Developed **40+ REST APIs** using FastAPI, PostgreSQL, JWT, and SQLAlchemy for task management and chatbot integration.
- Designed scalable backend architecture with asynchronous APIs, optimized SQL queries, and AI-powered workflow automation.

Technical Skills

Programming: Python, C++, SQL

Backend: FastAPI, REST APIs, JWT, Pydantic

Databases: PostgreSQL, MySQL, pgvector

AI/ML: NLP, Scikit-learn

Tools: Git, GitHub, VS Code

Certifications

- **Deep Learning Fundamentals** — IBM Developer Skills Network, Jan 2025
- **Machine Learning with Python** — IBM Developer Skills Network, Jan 2025
- **Data Visualization** — IBM Developer Skills Network, Jun 2024
